We need to show lot of patience to reach the target as it is against the trend

How to build PAPA Story
Context, Concept and Confirmation

VIEW BUILDING

- | | |
|-----------------------------|---|
| 1 Understand the trend | Dow Theory |
| 2 Understand the levels | Resistance and Support (Static) |
| 3 Understand EMA's | Cross over, They work as natural/dynamic resistance and Support |
| 4 Understanding the Candles | MS, ES, Hammer, Engulfs, DCC, Mother Candle, Event Candles, Significant Candles |
| 5 Bollinger Band | Expansion, Squeeze, Flat, BKP, BKT |

PAPA Story

- | | |
|----------------------|---|
| Context | The trend is still in Bullish/uptrend
Price was within mother candle since last 3 months (Monthly TF)
Price was not breaking down 650 level
Price was above 50EMA in weekly TF
Weekly dow theory was intact and bullish |
| Conept | TLBO |
| Confirmation | Weapon (Big gap up - Break away gap with huge volume and with EMA PCO) |
| Execution | |
| Entry, SL and target | |
| R:R | |
| No negative feelings | Fear, Greed |
| What if analysis | Can we go right all the time? Can you guarantee that all setup works 100% of time? |

- | | |
|------|---|
| GAPs | Gap Theory
Gaps occur due to aggression in buying or selling
Gaps act as support and resistance
There is no transaction in the gap |
|------|---|

Gap up at the end of an up trend is the Exaution gap
Gap down at the end of a down trend is the Exaution gap

Where Bullish Divergence is applicable	Where Bearish Divergence is applicable
Double Bottom	Double Top
Fake Break Down	Fake Break out
Bull Counter attack	Bear Counter attack
LL in the down trend	HH in the uptrend

Pyramidding

- 1 When you have more than 1 target
- 2 When you are already in profit
- 3 Chart shows the trend is still strong and no reversal patterns are observed
- 4 Add same quantity and have techincal SL
- 5 Don't violate the risk rule

Trailing SL for Bullish trade

- 1 Candle Closing Below 5EMA
- 2 On seeing reversal chart pattern
- 3 Decisive HA candle Low
- 4 5 EMA crossing 13 EMA (NCO)
- 5 Change in dow theory (Previous HL)
- 6 5 Crossing 50EMA
- 7 Trend Line Break Down
- 8 On targets
